

Dear members and visitors of our website,

The EPIC team is closely monitoring the current developments regarding COVID-19 (Coronavirus SARS-CoV-2). It is our top priority to deal with this situation in a responsible manner. The dynamic development makes a daily reassessment of the situation necessary. We are therefore in close contact with the responsible authorities and take their recommendations into account when carrying out events. The health of our members, participants and employees is our highest priority.

The goal of each of our events is to create a special experience for our participants and members and to enable the diverse establishment and expansion of business relationships. Unfortunately, this goal cannot be achieved under the current circumstances. Therefore, we have already postponed some events and hope for your understanding.

On our website you will find all dates of our events, postponed events are marked.

www.epic-assoc.com/epic-events/

As we base our decisions on individual cases, depending on the reports from health authorities, recommendations and instructions from the authorities, we generally ask you to refrain from participating in our events if you have a cold or other symptoms of illness.

For more information on the COVID-19, please contact the following official bodies:

www.who.int/emergencies/diseases/novel-coronavirus-2019

If you have any concerns please contact Dr. Susette Germer, Public Relations Manager.
email: susette.germer@epic-assoc.com, phone: +49 176 61633324, Skype: Susette Germer EPIC.

We sincerely apologize for any inconvenience this may cause you.

Kind regards,

Carlos Lee

Director General
