

INNOVATORS IN PHOTONICS

EPIC Online Technology Meeting on Endoscopy

FISBA

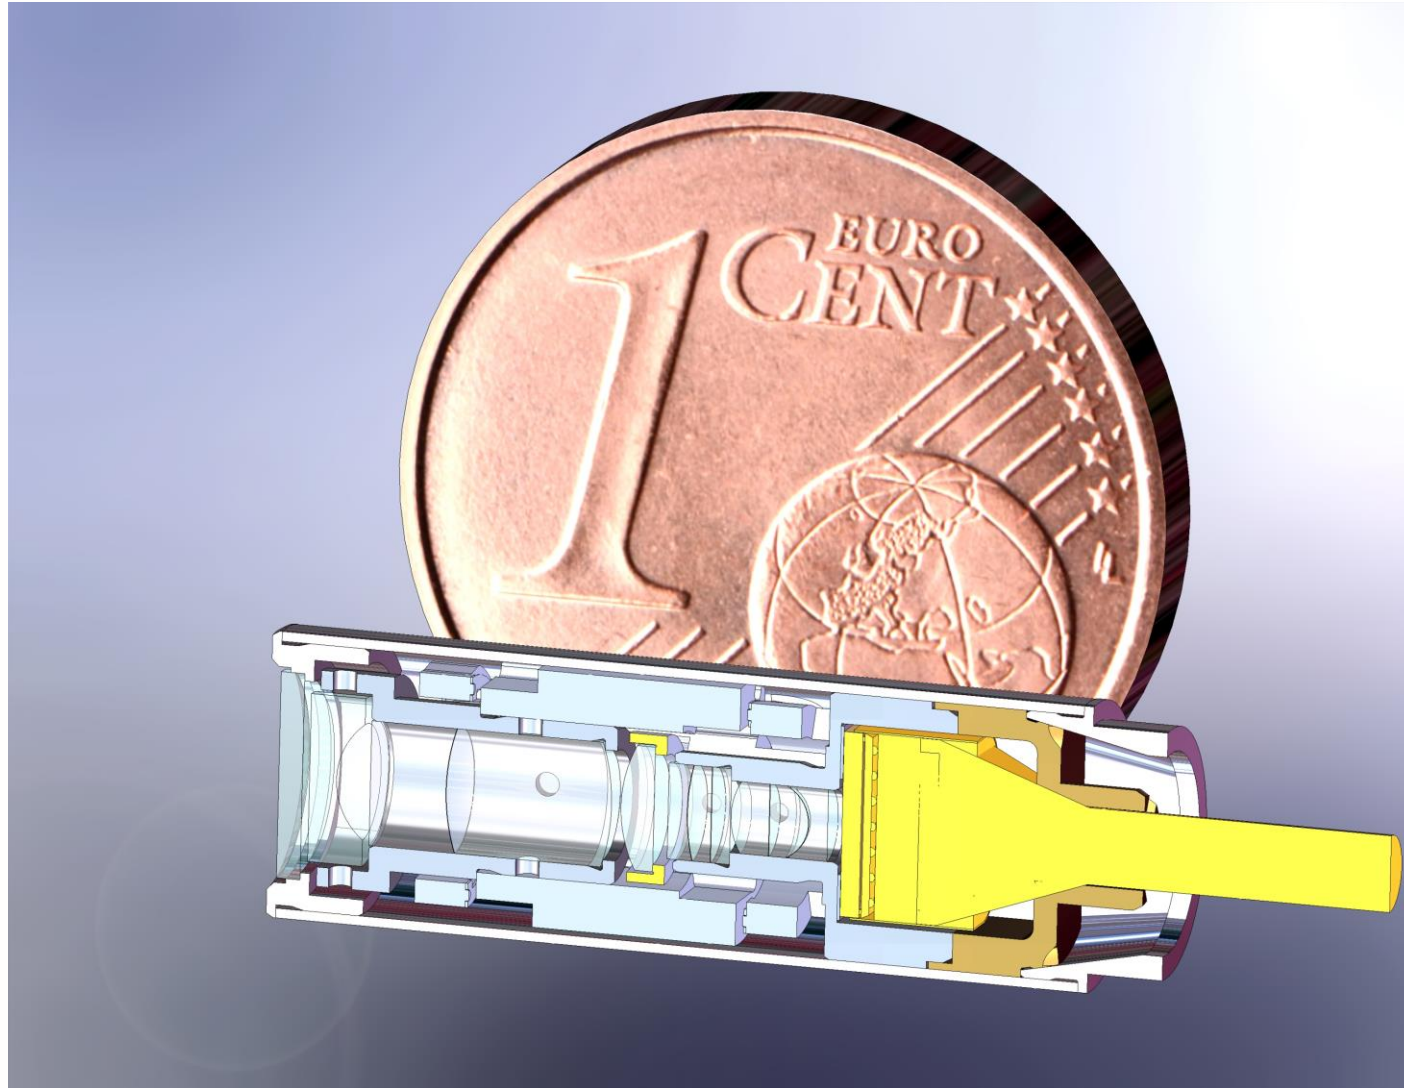

FISBA at a glance

- Established in 1957, privately owned
- Leading supplier of optical micro systems and components
- Headquarter in Switzerland
- Turnover > CHF 60 Mio.
- ~390 employees

FISBA

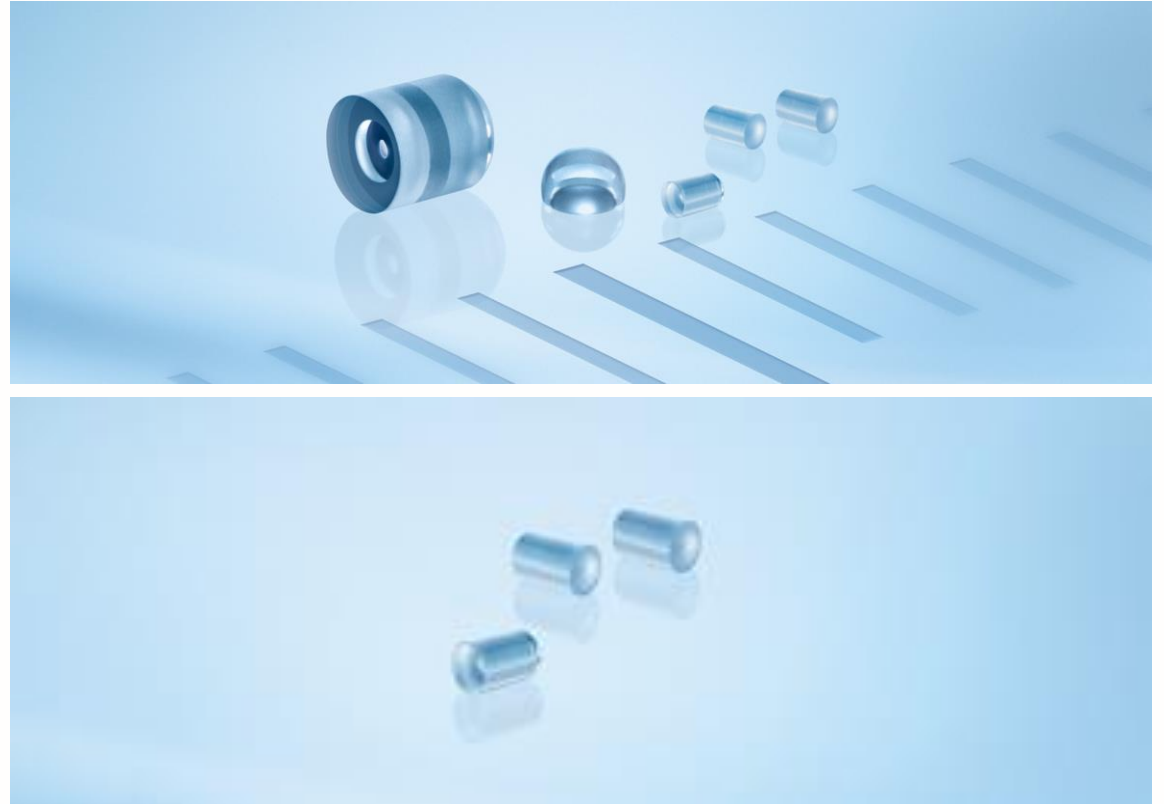

Endoscopy Optics

FISBA

Endoscopy Optics

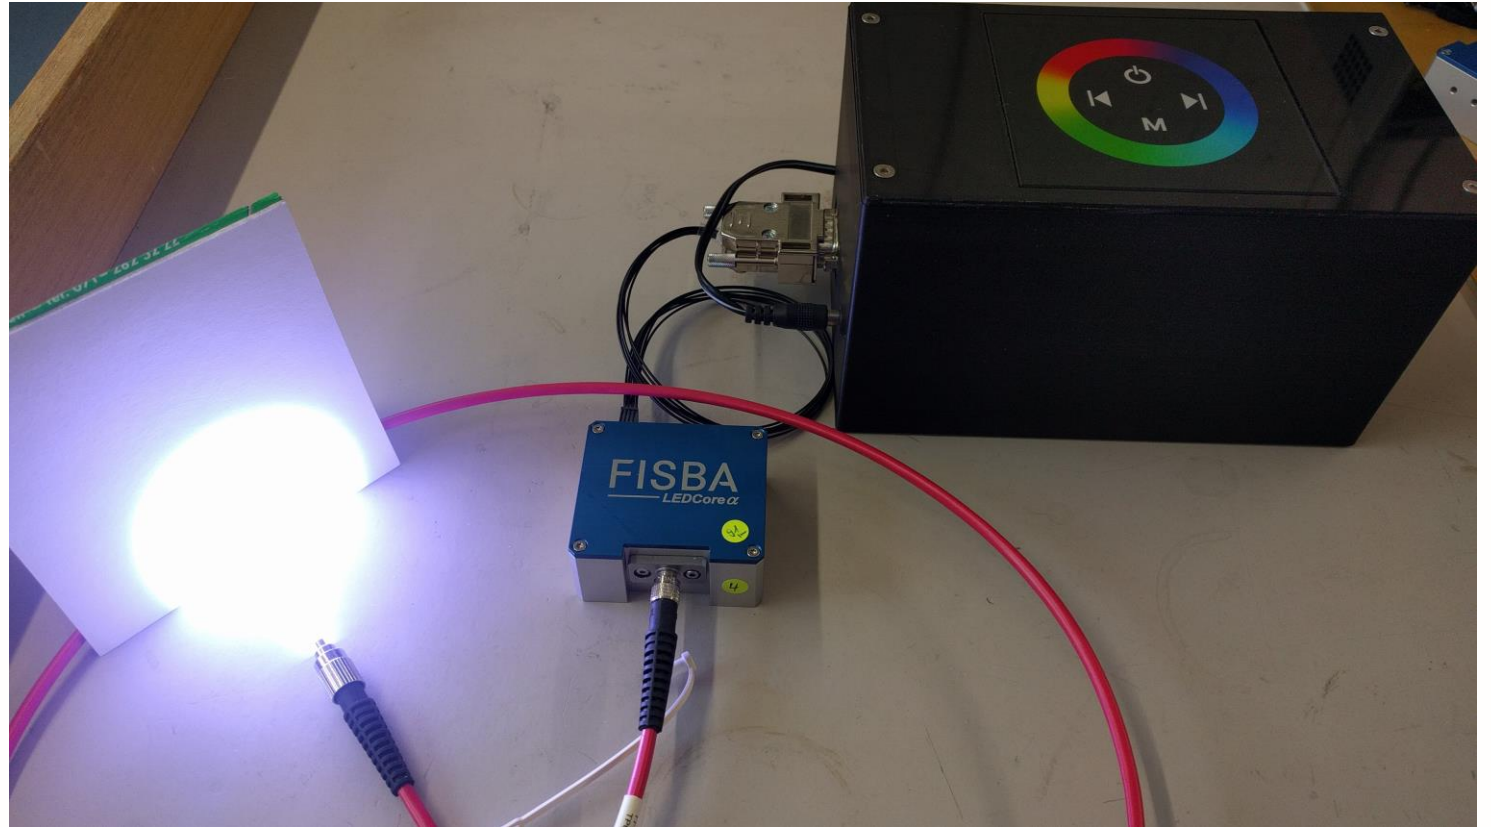

- High quality imaging optics in large quantities
 - Micro optic diameter starting at 0.3 mm, single or achromatic lenses
 - Precision molded lenses: 1–30 mm
 - Customized design
 - Coating adapted to application
-
- Micro Cameras

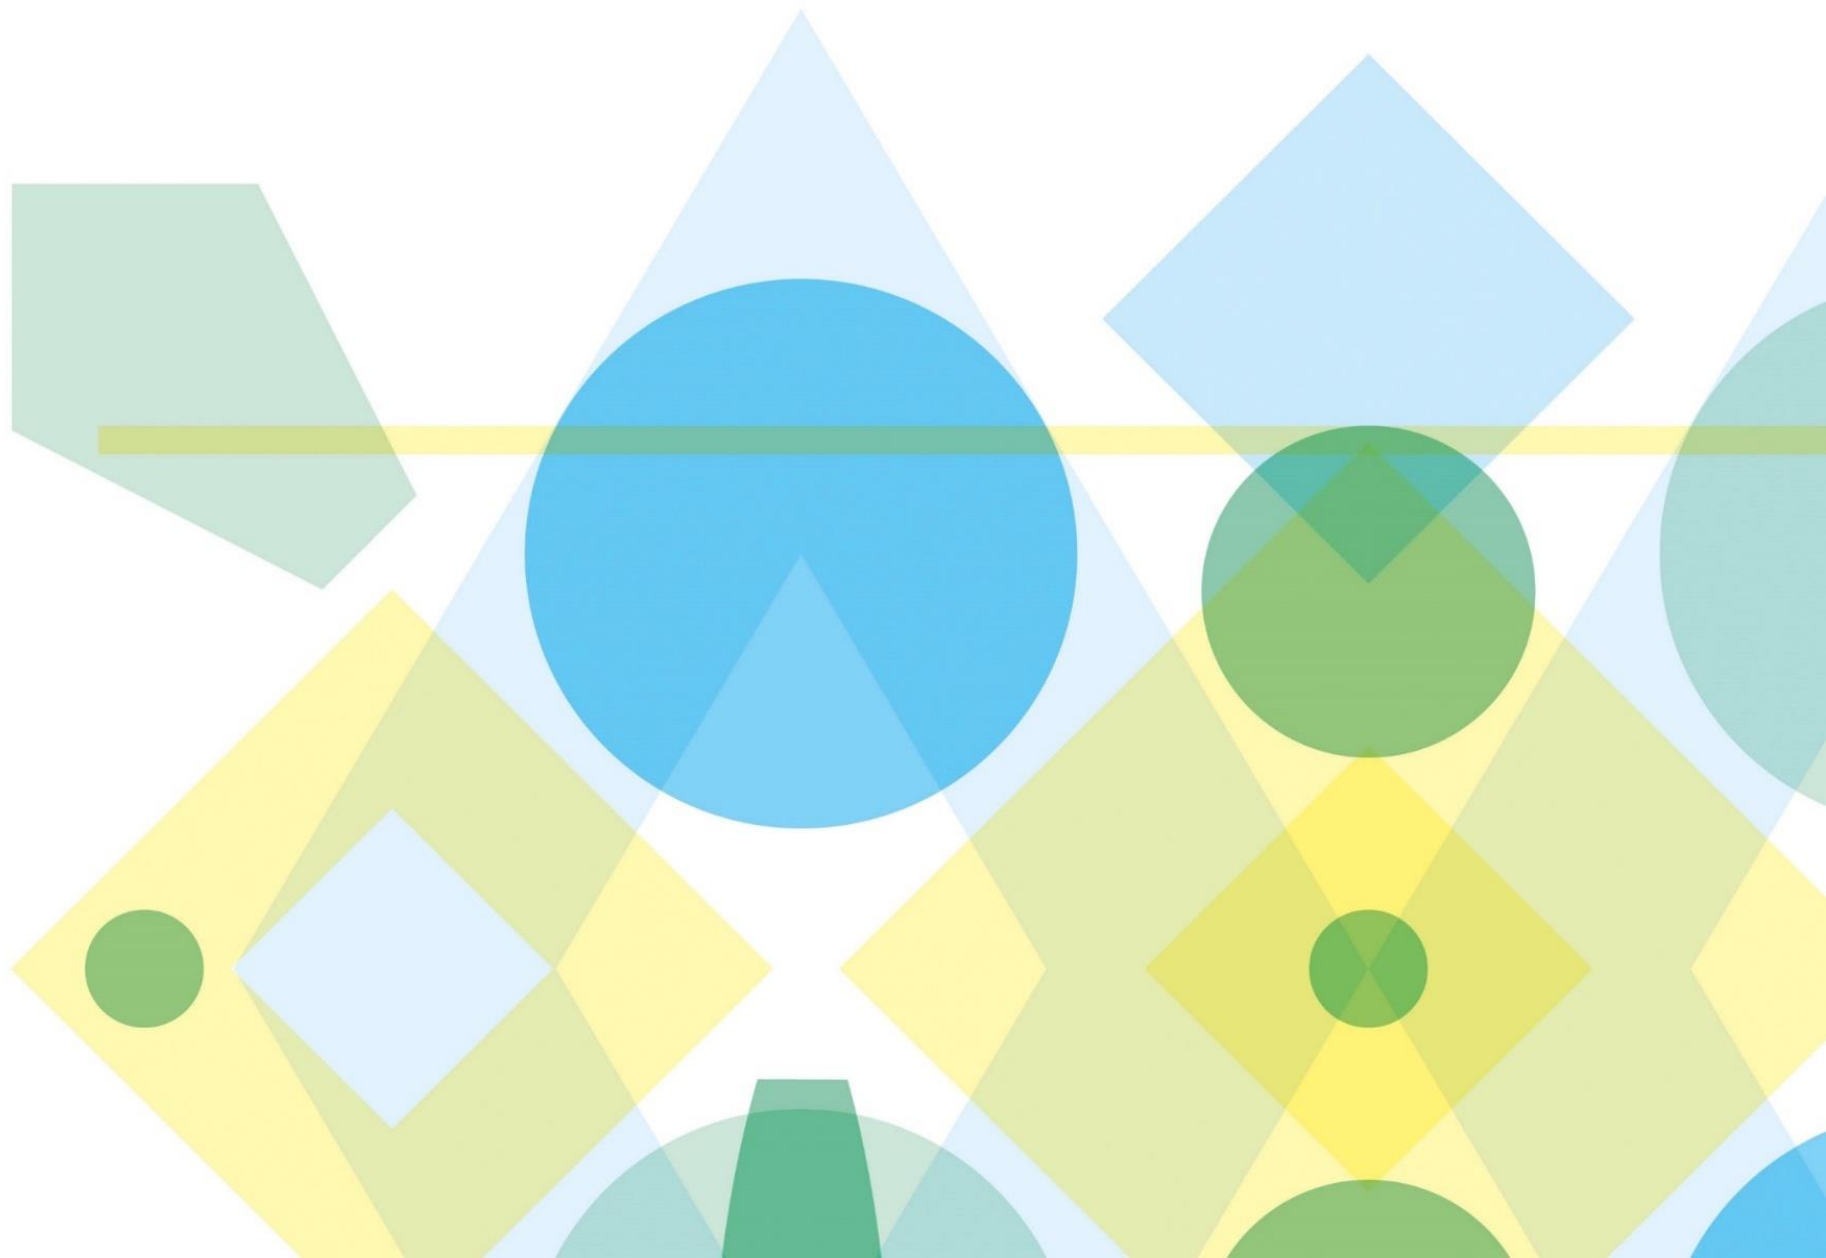

FISBA

Light Sources

- Laser and LED modules
- Medical Lighting
- Life Sciences

FISBA

Micro Optics for Diode Lasers

- FAC and SAC in large quantities
- Focal length: 200 – 1700 μm
- Wavelength: 430 – 1550 nm
