

# AILU: Connecting, Empowering, Guiding

**Dave MacLellan – Executive Director, AILU**

20 September 2021

# What is AILU?

Founded  
**1995**

**300+**  
Members

**13**  
Countries

**Where Industry  
Meets Academia**

**45**  
Laser  
Manufacturers

**25**  
Research  
Centres

**50**  
Job  
Shops

# Why Does AILU Exist?

**Our PURPOSE:** To grow laser adoption by **connecting, empowering and guiding** new and existing users of industrial lasers **globally**

**Our VISION:** To maximise the benefits of industrial laser technology to society

**Our MISSION:** To support the **acceptance and progression** of laser technology through:

- **Fostering and raising awareness** of laser technology and applications
- **Connecting** academic and industrial laser communities

# Why Join AILU?

## NETWORK

Connecting people to collaborate

- Preferential access to AILU's industry-wide conferences and events.
- Opportunity for engagement, collaboration and lead generation.

## KNOWLEDGE

Updating know-how to stay current

- Workshops, webinars, exhibitions and publications.
- Exploit the latest technology, applications, research and business landscape.

## CAREER

Employers and employees matched

- AILU connects experienced candidates with organisations needing to recruit.
- A valuable resource for advice and mentoring.

## RESEARCH

Enabling and reporting research

- AILU members are at the forefront of laser technology and applications research.
- AILU's quarterly magazine connects researchers with industry professionals.

## BUSINESS

Growing profit and turnover

- Ideas for business improvement, best-practices, grants and supply chain development.
- Surveys and reports give valuable insights into the industry.

**300+**  
**Members**

FOR

- Industry
- Suppliers
- Research
- Subcontract
- End Users

# Thank You for Your Time

See you at our next event?

## Digital Technology in Laser Manufacturing
